

Make up Classes

You book for a specific class on a specific day for a term. If you miss a class for any reason you can organise a make-up class as long as that is completed within the same term. If you have a planned absence you can do your make-up before you go. You can do a make-up session in any appropriate class. You have to fit both the age range and the ability level for the class. You can try FreeG if you do Gymnastics or visa versa. You can make up two one hour classes as a two hour class also. Make-up sessions are limited by class size, we will not allow a class to be too large for safety in order to fit in make-up sessions. We cannot and do not guarantee that you can fit in any make-up sessions. Please organise make-up sessions as early as you can as the last couple of weeks of term get full really quickly. Make-up sessions must be organised in advance through the front desk. Any sessions not made up during the term in which they are missed are not carried forward in other terms.
